

## Memorial Tribute Videos

We are happy to offer our memorial tribute videos to you at no charge as part of holding visitation services at Berube & Sons Funeral Home.

These videos can be played online, downloaded and saved. They will also be placed on the obituary page on our website and will also play during the visitation at the funeral home.

In order to ensure you are happy with the result here are some important pieces of information:

- Complimentary videos are limited to 50 photos and five songs. Videos with 51-100 photos are \$225.
- Photos must be .jpg format
- One designated family member can email the photos to [berubefuneral@gmail.com](mailto:berubefuneral@gmail.com) three or four at a time depending on your email provider size limit. Multiple senders very often leads to lost and late photos sent after the video has been created.
- VERY IMPORTANT- Please let us know in one of the emails when you have sent all your photos and the total number of the photos you have sent. We do not want to miss an important image.
- Photos may also be placed in a dropbox, google drive or similar file sharing software and shared with [berubefuneral@gmail.com](mailto:berubefuneral@gmail.com)
- You can also bring us a USB drive or disk containing your jpg photos.
- Music selection only needs to be communicated with us as and we will get the song file for you. We will need Title and Artist.
- Unless other arrangements are made we will need all photos 48 hours before the services.
